IT/AV Communication Capabilities

www.ndu.edu/chds

IT/AV Communication Capabilities
IT/AV Communication Capabilities

The CHDS Alumni and Outreach Communication capabilities include: a state of the art Video-TeleConferencing system (VTC) that works over an IP or ISDN setup in seminar and conference rooms.

CHDS can also do live Web-communications thru Yahoo Messenger (http://messenger.yahoo.com/), Google Chat (http://www.google.com/talk/) and other Internet access tools.

This capability only requires the user to have a Webcam (HD preferred), a microphone, a computer and a reliable high-speed Internet connection.

For official government business, CHDS can also connect through the Defense Connect Online (DCO) system. The user must be registered using your Common Access Card (CAC), or CHDS can sponsor you.

For additional information, please visit:
https://www.dco.dod.mil

For more information and to schedule VTCs or Webcam meetings please contact CHDS via email at:
chds1@ndu.edu or call us at: 202-685-4670
