American Legion Boys' State - 26 July 56

Why an Army?
Prevent war
Overseas deployments
Strategic reserves.
Indigenous forces.

AA command
Reserve forces.

What atomic bombs do the job of Army forces?
Capable only of area destruction without
discrimination within that area.
Cannot:
think, distinguish friend from foe,
moderate destruction, exercise persuasion,
receive a surrender, or administer an occupation.

Army needs A-weapons but it must have flexibility.
