

2008 CTNSP Seminar Series on Stability Operations

Center for Technology and National Security Policy
in conjunction with the

Office of the Deputy Assistant Secretary of Defense for Stability Operations Capabilities
Marshall Hall, Room 155, Fort McNair, DC 20319

Shaping and Pre-operational Security 9-10 January 2008

Dr. Hans Binnendijk, Director of the National Defense University's - Center for Technology and National Security Policy (CTNSP) and Bernie Carreau welcome your participation in the two-day Stability Operations seminar course on Shaping and Pre-operational Security. This seminar is conducted in conjunction with the Office of the Deputy Assistant Secretary of Defense for Stability Operations Capabilities.

The 9-10 January 2008 course will examine various military and civilian activities associated with engagement, pre-conflict shaping and security measures during peacetime. It will examine how defense, diplomacy and development programs and operations combine to support long-term national interests. We request that each attendee complete the enclosed comment sheet prior to departure from the course.

This seminar series marks an evolution and continuation of the FY 2007 National Defense University series on Transformation for Stability Operations. This seminar is the first of six courses schedules for FY 2008. Themes, speakers and topics will vary from course to course, so prior attendees are welcome. We draw your attention to the projected subjects and invite you to save the tentative dates for future attendance:

11-12 March	ESTABLISHING PUBLIC SECURITY DURING STABILITY OPERATIONS
16-17 April	RULE OF LAW / GOVERNANCE
18-19 June	PRIVATE SECTOR AND CONTRACTING OPERATIONS
30-31 July	ECONOMIC NORMALIZATION AND INFRASTRUCTURE
10-11 September	CULTURE AND STRATEGIC COMMUNICATIONS

Invitations and additional details will be provided prior to each event.

Thank you for your continued interest and participation.

Sincerely,

Hans Binnendijk
