# Research and Independent Study

Some students want to explore an area related to national security that does not fit well within the existing electives, concentrations, or combatant command scholars programs. Students can pursue relevant research by submitting a request form within their college that includes the signature of their research advisor. Students may choose an advisor from among the faculty of NDU or may choose an advisor who is not a faculty member at NDU. In this latter case, the student will also need an NDU faculty member to handle the administration (roster, grading, grade entry, etc.).

ES - Dr. Frank Cooley

NWC – Dr. Jamie Orr
