The Combined Culture of Intellectual Leadership and Military Professionalism	16
Developing and Assessing a Culture of Intellectual Leadership and Military Professionalism	17

Summary of Accomplishments

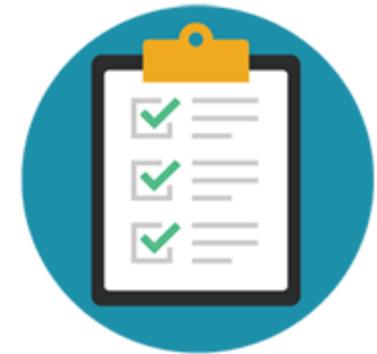

Areas accomplished

- i. Emerging technology, irregular warfare, weapons of mass destruction and other curricula such as Ethics
- ii. Core-elective course schedule to encourage specialization (8 to 12 credits)
- iii. Curriculum work: Course, Program and Institutional Learning Objectives and management through TK20 tool
- iv. Experiential learning mindset

Areas partially accomplished and in process

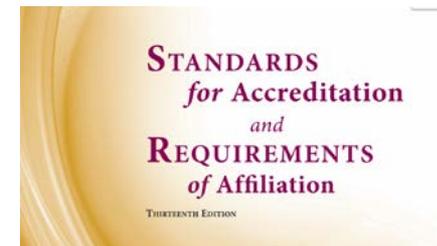

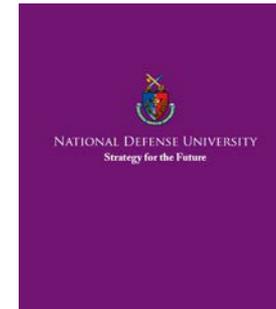

- i. Experiential learning rubrics
- ii. Planning for International Fellow growth
- iii. Cross college curriculum development and teaching collaboration
- iv. Linkages on Institutional Accreditation and Joint Professional Military Education

Inputs on Next Strategic Plan

- i. Inputs informed by BOV and NDU reflections on this plan
 1. Rethinking academic technology
 2. Rethinking pedagogy
 3. Rethinking curriculum (with Instructional Designers), paying special attention to compensating for no international student travel
 4. Assessment culture
 5. Library
 6. Research
 7. Innovation
 8. Additional BOV input
- ii. Inputs from Institutional Accreditation (Middle States)
 - i. Standards and Requirements of Affiliation
 - ii. Institutional Priorities
- iii. Inputs from Joint Professional Military Education (OPMEP-F) and associated milestones
 1. Assessment plan
 2. Rubrics
 3. Common Educational Standards
